Take advantage of this outstanding multicultural experience and Spanish language enrichment program held in Ensenada, Baja California.

The CAFE Spanish Language Enrichment Institute specifically targets Spanish Two-Way Bilingual Immersion teachers, program coordinators, or administrators who are seeking an opportunity to *refine and polish their academic Spanish language skills.

This institute provides an opportunity for Spanish-speaking educators to enjoy cross-cultural and linguistic experiences while increasing their Spanish language fluency. The course emphasizes Spanish language concepts and terminology used in teaching the content areas.

Participants take academic content courses, e.g., teaching language arts, math, and science, taught totally in Spanish by professors from the Universidad Pedagógica Nacional who specialize in teacher education in Mexico.

*Please note: This institute is designed for Intermediate or Advanced Spanish Speakers only.

Along with the Spanish Language Institute, participants have an opportunity to explore Ensenada, Baja California and other areas through planned fieldtrips that are part of the course activities. Ensenada is a beautiful port city 60 miles from the international California/Mexico border with a moderately mild 75 to 85 degree climate during the summer months and is also surrounded by many other tourist attractions.
